

Dear Member

Planet Fitness is committed to the health and safety of its staff, members and the broader South African public during the COVID-19 pandemic.

Following the announcement by President Cyril Ramaposa last night, that South Africa will be placed in a Lockdown for 21 Days, from Midnight on Wednesday 25 March 2020, in order to slow down the spread of the Coronavirus, this means the temporary closure of all Planet Fitness clubs from Wednesday night and will re-open 17 April 2020.

These are unprecedented times for us all and whilst we have been working hard to comply with WHO practices to avoid this eventuality, in order to save the people in our country from the Coronavirus, the inevitable Lockdown has taken place.

Looking after our teams and our members

Our first task is to reassure the staff of their livelihoods and putting together the foundation so that we are in place to re-open your clubs, bigger and better when we reopen on 17 April 2020.

Debit orders and membership fees

Our next step is to support you, our members and in this, we are pleased to announce that we will not be requesting any debit orders for the month of April, during the closure period. Memberships will be put on a Freeze, free of charge until we are able to welcome you back into your club.

Our Pride and Gratitude

We are immensely grateful for the loyalty and support and understanding during this difficult time and are determined to do the right thing for our members.

Keeping in Touch

We give you our assurance that we will keep you all as up to date as possible as things progress. We are all in this together and when it is safe to do so, we look forward to welcoming you back to our clubs. Until then, stay connected with us on our social media channels as we will continue to communicate and support the health and fitness lifestyles of our members on our social media channels during this temporary closure.
